

Compassionate, Professional Alzheimer's Care

About Alzheimer's & Other Dementia

- Alzheimer's impacts 5.4 million Americans
- Best known of an entire spectrum of diseases known as dementia
- 64% of dementias are due to Alzheimer's
- Each day brings new demands and challenges for care providers

How We Help Your Patients

- Our care providers are trained using materials created by the Alzheimer's Association, American Red Cross and *In the Know**
- We adjust communication style to changing needs as the disease progresses
- We establish routines in activities of daily living
- We help set up a safe home environment
- We provide continuing education and on-going training for care providers

* *In the Know* is dedicated to developing quality paraprofessional in-service solutions for health care organizations. All *In the Know* in-services are written by registered nurses who have experience in home care, hospice, long-term care, hospital nursing, health home management and staff development.
